## AUDIT CYCLE

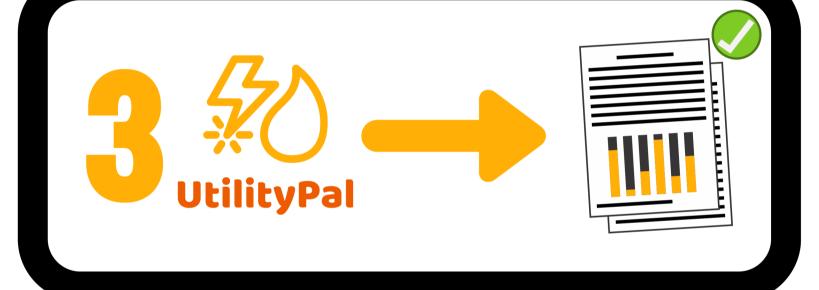

Client sends latest copy of utility invoices + signed schedule of instruction to UtilityPal.

UtilityPal conducts audit,
which will be done FREE of
charge to check for any
possible saving opportunities.
(Audits can take up to 20-25
days for completion)

If NO saving is achieved a Cost Savings Report will not be generated. Email will be sent notifying you that all is in order.

If an saving is achieved a Cost Savings Report is generated.

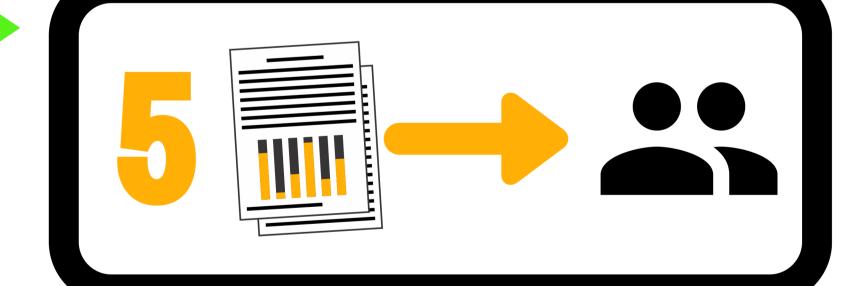

In order to present Cost
Savings Report a Service Level
Agreement needs to be signed.
(Standard Agreement is 50%
equal sharing for 2 years)

UtilityPal will send monthly invoice to client with breakdown of savings.

UtilityPal implements cost savings methods.

Once UtilityPal and client have settled upon agreement, Cost Savings Report is presented to client.
